

# WRITE A LETTER

# CHANGE A LIFE

Every year, hundreds of thousands of people worldwide grab their pen to write to presidents, ministers and governors. They ask for justice for people who are discriminated against for who they are, who are imprisoned for their opinion, who are tortured for what they believe. The piles of letters are of enormous value. People feel supported. Injustice stops. Prisoners are released. So write a letter and change a life!

*'Absolutamente!'*

This is what Teodora del Carmen Vásquez from El Salvador answered when we asked her whether our campaign for her had been useful.

Our campaign for her had been useful. Teodora was wrongly accused of abortion, was sentenced to 30 years in prison and was released after Amnesty's massive writing campaign.
